Cabo Frio Light Kit™

The **Cabo Frio Light Kit** is perfectly suited to the **Hunter Cabo Frio Fans**.

Shaped to seamlessly match the base of the **Cabo Frio Fan**, this light kit has a removable frosted glass oyster style glass, and uses a 10W linear R7S lampholder.

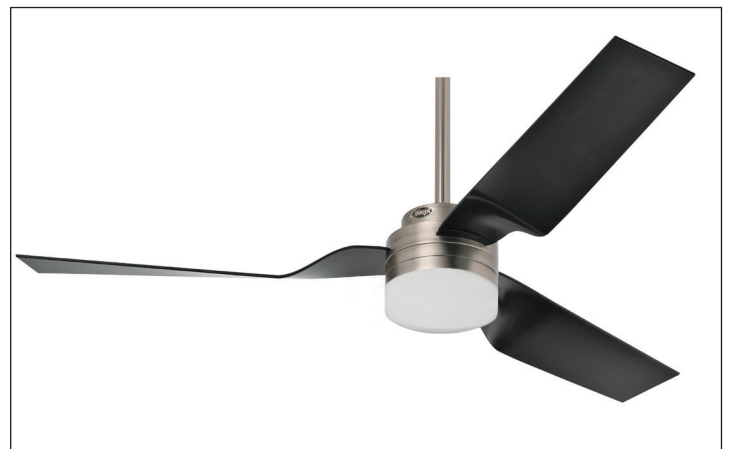

This means that you can use a number of different **LED** globes available on the market (Globes not included)

- 24140: Cabo Frio Light Kit Antique Pewter
- 24141: Cabo Frio Light Kit New Bronze
- 24142: Cabo Frio Light Kit White

Cabo Frio Light Kit™

The **Cabo Frio Light Kit** can be connected easily to a **Hunter Ceiling Fan**, as the light has a plug connector which simply clips into the connector on the ceiling fan. This enables **do it YOURSELF** the light to be a **DIY installation**, if your fan is already installed.

When fitted to a **Hunter Cabo Frio Ceiling Fan**, this light kit will add **85mm** to the overall dimensions.

Note: This light kit is **not** IP Rated, so when fitted to a **Hunter Cabo Frio Ceiling Fan**, it must be in a well-protected covered area.
