**24336:** Outdoor Light kit White with Frost Glass

**24337:** Outdoor Light kit Raw Aluminium with Frost Glass

# Outdoor Light Kit™

When fitted to a Hunter ceiling fan, this light kit will add 125mm to height dimensions of the ceiling fan.

The Hunter Outdoor Light Kit can be connected easily to a Hunter ceiling fan, as the light has a plug connector which simply clips into the connector on the ceiling fan. This enables the light to be a DIY installation, if the fan is already installed.

This Outdoor Light Kit connects to the ceiling fan using the two keyhole slots on top of the light, which connect to corresponding screw holes in the ceiling fan, ensuring a solid connection designed to minimise wobble of the light kit. NB: The threaded rod merely acts as a cable carrier.
